

Staff Change at Woody's

I just wanted to let my customers know that Sherri Messick is no longer with Woody's Landscape. Please bear with me and be patient during this transition time. A new office manager has been hired; however, she is unable to begin working at Woody's until sometime in October. It's been quite a number of years since I've handled the entire office load by myself, but with your patience and understanding, we can get through this together.

FERTILIZER

IT'S TIME TO FERTILIZE AGAIN. Our next round of fertilization will begin in August, so if you have previously signed up for this fertilizer, call or email and we will be happy to add your lawn to the list. Fertilizer is applied immediately following your lawn mowing. We use granular fertilizer that will not harm your pets or children. You will be notified with any special watering instructions the day we fertilize.

MULCH

What's one of the best things you can do to save water, save time, save money....and keep your landscape looking its best? Add **hardwood mulch** in all of your beds and around trees and shrubs! It protects the roots of your bedding plants and shrubs, saves water and makes your beds look more uniform and full. Woody's installs mulch for just \$ 7.25 per 3 cubic foot bag.....*call or e-mail to let us know you want this service.*
